

Hi, my name is Nathan Walker. When I joined Biddulph Amateur Swimming Club (let's be honest not the best swimmer there) it was through Darren who mentioned it to my dad who took me to trials then started taking me regularly. I joined the club when I was 7 and I am now 11 so I have been swimming for 4 years, working up from club championships through Counties and recently I have been to regional's. I went in to that event thinking that I wasn't going to make a final but I did make 1 final and did 4 PB's in my first ever regional's so my mum , dad , nana and granddad are very proud of me.

I am also a member of Newcastle Triathlon club and compete in the West Midlands Junior Series. Currently I train 12 hours a week in the pool, 1 land training session and triathlon training twice a week plus my 3 P.E sessions a week and then 1 athletics practice.

I also need to say a big thank you to my other 2 coaches Pete and Andrew and not forgetting my old coach Dave who taught me to swim from the age of 4.
